## MERIT RECOGNIZED.

Judges Field and Ryland Handsomely Remembered.

## BEAUTIFUL PRESENTS.

Testimonials from the Bar and Court Officials of Pettis County—Two Silver Sets.

Judge Richard Field, of the Pettis county circuit court, and Judge John E. Ryland, of the Pettis county criminal court, were handsomely remembered by the bar and court officials of Pettis county this afternoon, notwithstanding Judge Ryland was not present on the happy occasion.

After years of faithful service, both officials are about to retire to other circuits, owing to the fact that Pettis county has been made a separate judicial circuit. The bar of Pettis county and court officials desired to show their appreciation of the services of the two learned jurists, and in consequence when court convened, this afternoon at 2 o'clock, Judge W. S. Shirk, in behalf of the donors, presented to Judge Field, and to him for Judge Ryland, two solid sterling silver pitchers, with two silver goblets each. Judge Field's remembrance bore the following inscription: "Judge Richard Field, from the Bar and Court Officials of Pettis County, Mo., May, 1895. The goblets have engraved thereon the monogram, 'R. F.'"

Judge Ryland's remembrance is engraved thus: "Judge John E. Ryland, from the Bar and Court Officials of Pettis County, Mo., May, 1895." The goblets have the monogram, "J. E. R."

When court convened at 2 o'clock, with Special Judge W. D. Steele presiding, Hon. Henry Lamm, chairman of the committee on resolution, read resolutions highly eulogistic of Judges Field and Ryland, which were unanimously adopted by the bar.

In presenting the remembrances Judge Shirk spoke as follows:

The feelings of respect and admiration which the bar and court officials of Pettis county entertain for you as a judge and as a man have been expressed in the resolutions already read to you.

It only remains for me to emphasize those resolutions and sentiments expressed in them by extending to you a little gift by which to commemorate this occasion.

This water pitcher and these drinking cups which I beg leave to tender you in behalf of the bar and court officials of Pettis county are but slight in intrinsic value; but beg you to believe that they represent a wealth of respect, esteem and I may say love not to be lightly estimated.

To you we hope and believe they will be of value many thousand times their intrinsic worth, and that you and our children and your children's children yet unborn will look upon them as the highest evidence of the esteem in which you are held in the hearts of our bar and our people.

May the water which you will drink from this pitcher and these cups be as pure as the judicial character which you hold, and as cool as the judgment by which you settle legal acts have been governed.

Run across, regret that his honor, was not here, cannot be present so I will personally present him one similar gift which we have for him, and speak to him the words of respect and esteem I have spoken to you; but as he is not here, I will ask you to convey to him and his family this pitcher and these drinking cups, and ask him to receive them as a token of evidence of the high regard and esteem in which he is held by our bar, our court officials and our people, and I will personally present the words which I have addressed to you and have been addressed to him; and that we beg him to convey them addressed to him as well as yourself.

Judge Field was visibly affected by Judge Shirk's remarks, and in acknowledging the gift he spoke feelingly, expressing regret at parting with him whom he had learned to love and admire.

Owing to the lateness of the hour,

not even a synopsis of Judge Field's remarks can be given by the DEMOCRAT this afternoon.

### LYNCH LAW IN FLORIDA.

Three Negro Assaultants Killed and a Fourth Badly Beaten.

BARTOW, Fla., May 31.—Tuesday night Mrs. Timberlake, a young widow who lives with her father in the western portion of this county, was assaulted by a negro while in bed with her little daughter. Four negroes who were suspected of knowledge of the crime were arrested, and last night they were taken from the guards, while en route here to be placed in jail, by a half hundred men who wore thick black masks and carried Winchester. The masked men disappeared with the four negroes into a swamp, where three of them were killed and the fourth, almost beaten to death and ordered to leave the country. The crime for which the three negroes were lynched was a peculiarly brutal one.

About 1 o'clock Tuesday morning Mrs. Timberlake was awakened by a noise in her room. She reached for the matches, which were on a table near her bed, and as she arose a negro grasped her by the throat. In the struggle her night clothing was torn to shreds and her lower limbs and breast frightfully bruised. The negro kept his hand tightly clasped on the woman's throat and she soon lost consciousness.

About this time Mrs. Timberlake's little daughter, who was sleeping with her, awoke and began to cry out, "Mama, mama," as if she had an intuition that something was wrong. Mr. Pipkin, the father of Mrs. Timberlake, whose room adjoined his daughter's, was aroused by the crying of the child. He called to his daughter, but received no reply.

Alarmed by silence, he rushed to the door, to find it locked. He burst it in, and as he entered the room he saw the negro crawling out of the window, by which he had probably entered. Mr. Pipkin struck a light and saw Mrs. Timberlake in a frightful condition. She was nude and lying in blood which had flowed from wounds inflicted by her assailant. The little girl, who had crawled upon the unconscious form of her mother, was crying, and was smeared with blood. Soon Mrs. Timberlake revived and told the story of assault. Officers were notified, and the search for the negro was begun. A rain had just fallen and it was easy to track the brute.

### Cases Disposed Of.

In Justice Fisher's court, today, Steve Shea gave bond in the sum of \$1,000 to keep the peace against all mankind; while for having disturbed the peace of Pat J. Donohue he was fined \$1 and costs.

The cases against Ed Coffee and Dan W. Sullivan, for complicity with Shea in the peace disturbance matter, were dismissed.

The lawyers beat the clerks in an exciting game of baseball at Lamar Tuesday. The clerks say they could just as well have won, but gave their antagonists the game rather than stand the expense and annoyance of an appeal.

## POLICE COURT.

Four Cases Disposed of at This Morning's Session.

In the police court, this forenoon, Mrs. Geo. Davis, colored, and Sallie Perkins, a white inmate of the Chicago house, were arraigned on charge of having indulged in a street fight, all because of an alleged improper intimacy between the Perkins woman and Mrs. Davis' husband, Geo. Davis, of the Imperial saloon.

Mrs. Davis pleaded guilty to having started the scrap, and a fine of \$5 was assessed against her; while the bawd was discharged. Later, however, charges of late hours and being an inmate of a bawdy house were preferred against the courtesan and she was fined \$15 on the two.

John Pickett, for carrying concealed weapons, was fined \$25.

## THE PARK SELECTED.

The Second Regiment Encampment Will Be Held There.

Sicher's park of eighty acres has been named for the Second regiment, M. N. G., encampment, and Major Mitchell, of Nevada, says it is the prettiest spot for a camp that has ever been selected.

When the officers of the regiment left Sedalia, Wednesday night, no decision had been reached, the matter being taken under advisement, but Major Mitchell has informed the Nevada Post of the selection of Sicher's park and no doubt it is official.

### Dr. McClanahan Shot.

## SECURED A VICTIM.

The Bogus Check Fellow Who Failed in Sedalia.

## FOUND ONE IN BOONVILLE.

The Postmaster Loaned Him \$100 and Is Holding a \$250 Check Left as Security.

An individual who endeavored but failed to work two Sedalia banks on the bogus check racket last Saturday was thus referred to by the Boonville Advertiser of yesterday:

One day last week a man giving his name as A. H. Miller came to Boonville and represented himself at Rogers & Son's livery stable as a horse buyer.

Apparently with a view to buying, he looked at many horses here, but did not purchase any of them. On Monday morning, before the banks had opened, he entered the postoffice and asked Captain Rogers, the postmaster, if he could cash for him a check for \$250, drawn by John H. Armour in favor of A. H. Miller, on the Missouri National bank of Kansas City. He said he was a stranger here, and knew no one whom he could ask to endorse for him. Furthermore, he was in a hurry to leave town, as he was going out into Lamine township with W. B. Gibson that morning to look at some horses on the latter's farm, and Mr. Gibson wanted to start as early as possible.

Capt. Rogers told him that he did not have that much money at hand just then, when Miller replied that if he could let him have \$100 he would leave the check with him until he returned. Capt. Rogers counted the man out \$100 and took the check. Miller drove out to Lamine with "Billy" Gibson that morning, and during the day partly contracted for several horses, but did not pay down any money.

At Miller's request, Gibson went with him to Marshall that afternoon, Miller buying two round-trip tickets from Blackwater to that place. Miller registered that evening at Hotel Hurt, in Marshall, and from that time all trace of him is lost. He left a valise at the hotel, and an old overcoat he had borrowed from Mr. Rogers.

In the meantime Capt. Rogers presented the check at the Central National bank. It was not accepted, but was sent to the National bank at Kansas City, on which it was drawn. The check was returned protested, Wednesday morning. Mr. Rogers is just out \$100 in the transaction, and Miller's whereabouts are yet unknown.

He is a rather large man, slightly above medium height, and would weigh perhaps 175 pounds. He has a florid complexion, prominent eyes, and wears a full beard of sandy color and three or four inches long. He wore a dark-blue business suit and a black slouch hat.

## DELAY IN THE MAILS.

The Postoffice Snowed Under With Mail Matter.

Since the reduction of the clerical force at the postoffice and the order prohibiting the carriers from assisting in the distribution of the mail, the general public has been put to great inconvenience. Today is an instance of what may be expected in the future. The carriers who should leave the office at 8:45 a. m. did not get started on their rounds until about 10 a. m., and then they carried only half of the mail that was in the office for delivery.

This means that many Sedalians will not receive today's mail until tomorrow, and probably some of tomorrow's mail will remain in the office until Monday.

In a business community it is easy to see how this delay will result in serious inconvenience and possibly actual loss.

The department has at last consented to re-open the case as to this office, but those who are best informed are apprehensive that there will be still further reductions in the force.

matter to be handled is increasing, but neither the postmaster nor the employees of the office are to blame.

The size of the force employed depends upon the receipts of the office, and not upon the amount of work to be done, and the carriers who formerly assisted in opening and distributing the mail are now required, by orders from the department, to stand around and wait until the reduced clerical force does the work.

The board of trade at its meeting tonight should appoint a committee to investigate the matter and take such steps as the interests of the city demand.

Let it be explained how far the sale of stamps by private parties has caused the reduction in receipts, and then let some steps be taken to show the department how the reduction in the force and the new orders have crippled the mail service here.

The inspector will be here in a short time and the board of trade should aid in showing him the injustice that is being done to Sedalia.

THE DEMOCRAT, SEDALIA, MO.

PRICE, 307 Ohio Street. Telephone 232.

Every Sedalia enterprise to  
er, and thus bring prosperity  
whole city.

Business men should make a  
of the fact that the circulation  
DEMOCRAT is established and  
asing. Therefore it is desira-  
as an advertising medium.

Have you a business announce-  
to make to the people of Se-  
n? In no other way is it so  
in to reach them as through  
columns of the DEMOCRAT.

The Jefferson City Democrat is  
noring for a new court house. It  
ld be wise to delay a little, as  
e will probably be several pub-  
buildings in Jefferson City for  
cheap in a couple of years.

The business men of Sedalia must  
hold of the matter of securing  
increased clerical force at the  
office. No order for an in-  
creased force has been made, and  
probability is that it will not be  
less strong pressure is brought to  
r on the department.

The Sedalia board of trade is  
nposed of men whose interests  
Sedalia's interests. The officers  
a directors are shrewd business  
n who are giving their time and  
ention toward promoting the in-  
terests of the public, and they should  
ve the moral support and finan-  
cial assistance of every property  
owner.

THE DEMOCRAT is glad to see the  
ood work that is being done in the  
terest of "Missouri on Wheels"  
y the committee of the Board of  
rade. This is a practical move-  
ment in which the whole state is  
asked to join with Sedalia for a  
common purpose. It is to bring  
apital to Missouri for investment,  
and it is based upon the real re-  
sults of the grandest state in the  
union, and is therefore sure to suc-  
ceed.

There was no special effort made  
to extend the city circulation of the  
DEMOCRAT during the past month,  
and yet that circulation is larger on  
the last day of May than it was on  
the last day of April. This is the  
story, month by month, of the  
growth of the DEMOCRAT. It is not  
passimod or temporary, but its  
circulation increases with the growth  
of the city, showing that it meets  
the wants of the public as a news  
gatherer, and that it will remain  
what it has been for months past,  
the people's favorite paper.

WAGES and prices of farm pro-  
ducts went tumbling downward un-  
der the McKinley tariff, and there  
were more people out of employ-  
ment while that law was in force  
than ever before in the history of  
the country. Since that ill-advised  
measure has been repealed wages  
have tended upward, and even the  
most highly protected industries  
which reduced the pay of their em-  
ployees under the McKinley bill,  
have advanced the scale of wages  
since that law was repealed. The  
experience the American people  
have had under the highest "pro-  
tection" ever known will not soon  
be forgotten, and no party which  
advocates a return to that system  
can ever succeed in another gen-  
eral election.

Hale, O. W. regretted that some  
J. F. Fletch persons will insist  
on the capital removal  
question of the observance  
of the "Silver Column" in the  
Mr. F. W. It would be as  
the location of the

also entertained an excursion party  
on last Sunday, and our friends  
who are so angry because Sedalia  
did not close her doors to her visi-  
tors, have equal ground for com-  
plaint against Jefferson City. Now,  
if they resist removal do they not  
favor a town which also permits  
"desecration of the Sabbath?" How  
inconsistent!

## HOW MISSOURI STANDS.

The most absorbing topic in po-  
litical and business circles just now  
is the silver question, and Mis-  
souri's position on the issue is gen-  
erally discussed.

The DEMOCRAT realizes the im-  
portance of the question and the in-  
terest that attaches to the subject,  
and with the view of securing a  
general expression of opinion this  
paper has addressed a circular let-  
ter to the chairmen of the demo-  
cratic county committees in this  
state asking their judgment as to  
how the democracy stands upon  
the question and their opinions as  
to the advisability of holding a  
state convention at an early day.

These answers will appear in  
SUNDAY'S DEMOCRAT and will afford  
the best index of the opinions of  
the people of Missouri upon the  
question.

Copies of the DEMOCRAT of that  
issue will find their way into every  
county in the state, and thus each  
community will learn the sentiment  
of every other section.

## ABOUT ADVERTISING.

An advertisement in a newspaper  
of two thousand circulation is  
worth far more than the same mat-  
ter printed on two thousand hand  
bills.

So, too, an advertisement in a  
paper of established circulation—  
one that is appreciated and paid  
for—is worth far more than the  
same matter in a paper without an  
established circulation, but thrown  
around here and there to get rid of  
a certain number of copies.

The paper that is pitched into  
your door yard or counting room as  
a sample, does not receive the at-  
tention bestowed upon the journal  
for which you pay your money.

The one you buy because you  
want it; the other you may possibly  
glance at but you do not read it  
carefully as you do the journal upon  
which you depend for your infor-  
mation concerning current events.

A general circulation is hard to  
secure; some papers never attain it;  
but when once reached it is a pa-  
per's own fault if it is lost.

The DEMOCRAT has gained this  
general circulation in Sedalia by  
making itself a welcome visitor in  
the households of the city day after  
day, until it is looked for as a part  
of the regular daily programme.

Its news columns and its ad-  
vertising columns are read carefully by  
thousands every day, and constantly  
does it receive the strongest evi-  
dences of the good will of the public.

This gives its advertising space a  
value that is rarely attained by that  
of any newspaper in a city of this  
size.

The publicity it gives is a known  
quantity, both as to extent and  
character—a publicity that is bought  
and paid for and therefore to be ap-  
preciated.

## BLOODHOUND WENT MAD.

Boy at St. Joe Fearfully Bitten—Panic  
Among Farmers.

ST. JOSEPH, Mo., May 31.—  
About a month ago a mad wolf  
created a panic among the farmers  
south of this city by biting a large  
number of dogs with which it  
fought, also a number of head of  
stock. Since that time a number  
of dogs and several horses and hogs  
have been seized with hydrophobia  
and killed.

Yesterday a large bloodhound,  
owned by John Tobin, a farmer,  
went mad and attacked Tobin's lit-  
tle son, biting him in a fearful man-  
ner. The boy was brought to this  
city and a madstone applied, which  
adhered five hours. The farmers  
have organized and are killing all  
dogs in the Tobin neighborhood.

## WARFARE IN KENTUCKY.

Fight Over Law Suits Results in Ar-  
guments With Winchester.

PINEVILLE, Ky., May 31.—A  
battle occurred on Straight creek,  
fifteen miles from here, in which  
John Helton was killed and Jim  
Belcher and Charles Johnson were  
badly wounded. Those on the  
other side were George Taylor, Jim  
Taylor, John Arnett and a woman  
named Sarah Griffith, who can han-  
dle a Winchester with the best of  
men. The Helton crowd was sur-  
rounded and fired upon from am-  
bush. They returned the fire and  
some of the Taylor crowd were  
wounded and carried to the moun-  
tains. The battle grew out of a se-  
ries of law suits and a controversy  
between Johnson and Taylors over  
the possession of some property.

## Sedalia and Nevada to Play.

Since Nevada defeated Webb  
City on the diamond there is no  
trouble to get games, says the Ne-  
vada Post. Sedalia invited the  
"Red Birds" to come to that city  
today, but the Lamar engagement

While in Stockton, Cal., some  
time ago, Thos. F. Langan, of Los  
Banos, that state, was taken very  
severely with cramps and diarrhea.  
He chanced to meet Mr. C. M. Car-

says: "I told him of Chamberlain's  
Colic, Cholera and Diarrhea Rem-  
edy, and we went to the Holden  
drug store and procured a bottle of  
it. It gave Mr. Carter prompt re-  
lief, and I can vouch for its having  
cured me."

## HIS FINE UNPAID.

Enos Craig May Have to Remain in Jail for Some Time.

ST. JOSEPH, May 31.—Enos Craig has served nine days of his ten days' sentence for contempt of court, imposed by Judge Woodson, but the fine of \$100 imposed has not been paid. Unless Judge Wood- son decides to remit the fine Craig will probably serve it out in the care and custody of the sheriff. Most men would be content to sit around in the jail office, read the daily newspapers and cross their feet under the sheriff's family table regularly three times a day for \$2 per diem. Mr. Craig's friends say he has no money with which to pay a fine, while his enemies claim that he went to jail as a political martyr. It is charged that the republicans want to use the action of the court as a boomerang in the nex county campaign against the democracy, and for this reason it is claimed that Craig will suffer in silence for fifty days longer.

The question of paying Craig for his services while in office has not been settled by the county court yet. Nas may decide to make a new set of tax books in case the county court turns over to Craig any fees of the office to which he (Nash) claims he is entitled. Nash has also threatened to sue the county judges for all fees and emoluments of the office since Febru- ary 19. The county court is placed in a peculiar position.

Brown does not regret having declared his identity or aving given himself up, and says he will spend his days in working for the Lord.

## One Disease and One Remedy.

"The art of painting," said Millais, "consists in selecting the right colors and putting them in the right place." "The way to win a battle," said Napoleon, "is to mass your troops at the critical moment against the weakest spot in the enemy's line." "The way to cure many ailments," said the great Dr. Abercrombie, "is to purify the poisoned spring in which they arise, generally the topid and inflamed digestive system."

Thus wisdom and experience simplify and condense. Thus the Shakers of Mount Lebanon reasoned when they sought, and finally found, a remedy for indigestion and dyspepsia. Where one person has something else, they argued, a thousand have this. To cure this alone will almost rid the world of sickness. Why should we vex ourselves with confusing definitions? A good digestion is life and health; a bad one disease and death. Hence, from the healing and stimulating mountain herbs, they extracted the principles which make the Shaker Digestive Cordial the rarest and most effective of medicines for one disease, and one only—indigestion and dyspepsia.

Do you suffer from any of these miserable feelings?—depression of spirits, heaviness and pain in the stomach after meals, bad taste in the mouth, wind in the bowels, irritable disposition, nervous weakness and alarm, worry and weariness, costiveness or irregularity of the bowels, nausea, palpi- tation, sick headache, heartburn, loss of ap- petite and sleep, dry skin, etc?

Don't indulge in fifty foolish fancies. You have indigestion and dyspepsia and nothing else. Set the disordered stomach right with the one medicine which will surely do it, Shaker Digestive Cordial, and these symptoms will vanish with their cause. A good effect will follow the first doses. Even chronic cases soon yield.

Test the Cordial, at practically no cost, by taking a ten-cent trial bottle.

Would You Buy Tainted Meat

If it could be had, and were offered to the public at

One Cent Per Pound?

Of course you would not; you do not want such rubbish at any price for the initial saving would be swallowed up ten times by consequent doctors' bills—perhaps undertakers' bills.

Similarly, You should not buy clothing just because a merchant sells it cheaply. Price is only one consideration; quality, texture and workmanship are just as important. I quote no prices, but handle Men's, Boys' and Children's Clothing of the highest quality, the finest texture and most artistic workmanship, at prices as low as those of any honest competitor. Don't accept this on my say-so, call and see the goods.
